

Invitation to **High level Engagement Workshop**

Environmental Technologies for Industrial Wastewater Treatment in India

08.09.2020 – 10:00-13:00 CET (online)

German Water Partnership e.V. (GWP) would like to invite you to join a high-level engagement workshop to exchange experiences, highlight opportunities for future collaboration and network with relevant project partners within the field of Industrial Wastewater Treatment.

As part of the Global Project “Support of the Export Initiative for Environmental Technologies” that is implemented by GIZ on behalf of the German Federal Ministry for the Environment, Nature Conservation and Nuclear Safety (Bundesministerium für Umwelt, Naturschutz und nukleare Sicherheit (BMU)) to strengthen bilateral collaborations in the field of industrial wastewater treatment between India and Germany, GWP is in the process of producing the ‘Industrial Water Compendium’. The compendium will serve as a guide for practitioners, decision makers and technology providers alike, highlighting trends in industrial wastewater treatment, environmental policy, needs of top-tier industrial sectors as well as presenting best practice examples of successful technology implementation in the regions.

In line with the focus of the compendium, the purpose of the workshop is:

- to bring together key players and stakeholders in industrial wastewater treatment
- to have an open exchange about present needs, opportunities, and future trends
- to share learnings on successful technology implementation

In a compact format, speakers will share expertise on current and future needs, regional particularities, and learnings from existing success stories. The workshop will take place in the form of an online webinar, providing the opportunity for experts from around the globe to join in.

The workshop will bring together:

- Managers, owners, and operators of industrial water treatment sites
- German environmental technology companies
- Policymakers
- International technology and business experts

Please find the programme of the event and further information on the following page.

Programme

<u>Time (CET)</u>	<u>Presentation</u>
10.00 am	Opening Remarks by Federal Ministry for the Environments, Nature Conservation and Nuclear Safety (BMU) <i>Charlotte Dieter, Deputy head of Division G I 5, Export Initiative for Green Technologies</i>
10.05 am	Welcome and introduction to the workshop <i>Julia Braune, Managing Director, German Water Partnership e.V.</i>
10.10 am	Overview industrial wastewater treatment in India: Key sectors, challenges and trends <i>Trushit Desai, Founder and Chairman, Geostone group of companies</i>
10.25 am	Overview industrial wastewater treatment in India: Policy framework and Indian-German cooperation <i>Ashish Kumar, National Technical Advisor, GIZ India</i>

Break & live poll (Mentimeter)

10.55 am	Textile sector operations - activities, challenges and technology needs <i>Sajid Hussain, Chief Operating Officer, Tamilnadu Water Investment Company</i>
11.10 am	Textile sector best practice <i>Melanie Volm, Managing Director, I+M Innovative Sludge Management</i>
11.25 am	Q/A Textile Sector
11.35 am	Chemical sector operations - activities, challenges and technology needs <i>Andree Blesgen, Head of Environmental Processes, Evonik Industries</i>
11.50 am	Chemical sector best practice <i>Eckart Döpfens, Authorized Representative, Remondis Aqua Industrie</i>
12.05 pm	Q/A Chemical Sector
Break	
12.20 pm	Pharmaceutical sector operations - activities, challenges and technology needs <i>Shrikumar Parappurath, Global HSE and BC Business Partner</i>
12.35 pm	Pharmaceutical sector best practice <i>Torsten Hackner & Bhushan Zarapkar, Head of business unit industry (Huber SE) & Director Operations, A.T.E Huber Envirotech</i>
12.50 pm	Q/A Pharmaceutical Sector
13.00 pm	Live poll (Mentimeter), Final Remarks & Summary <i>Lena Heinrich, Senior Consultant, Isle Utilities for German Water Partnership e.V.</i>

The event will be held in English. Programme subject to modifications.

We cordially invite you to join the workshop. Please RSVP by 21.08.2020, confirming your attendance by sending an email to Markus Winter (winter@germanwaterpartnership.de).

You will receive the login-link for the online-workshop upon registering for the event.

We are looking forward to welcoming you.

Julia Braune – Managing Director German Water Partnership e.V.
